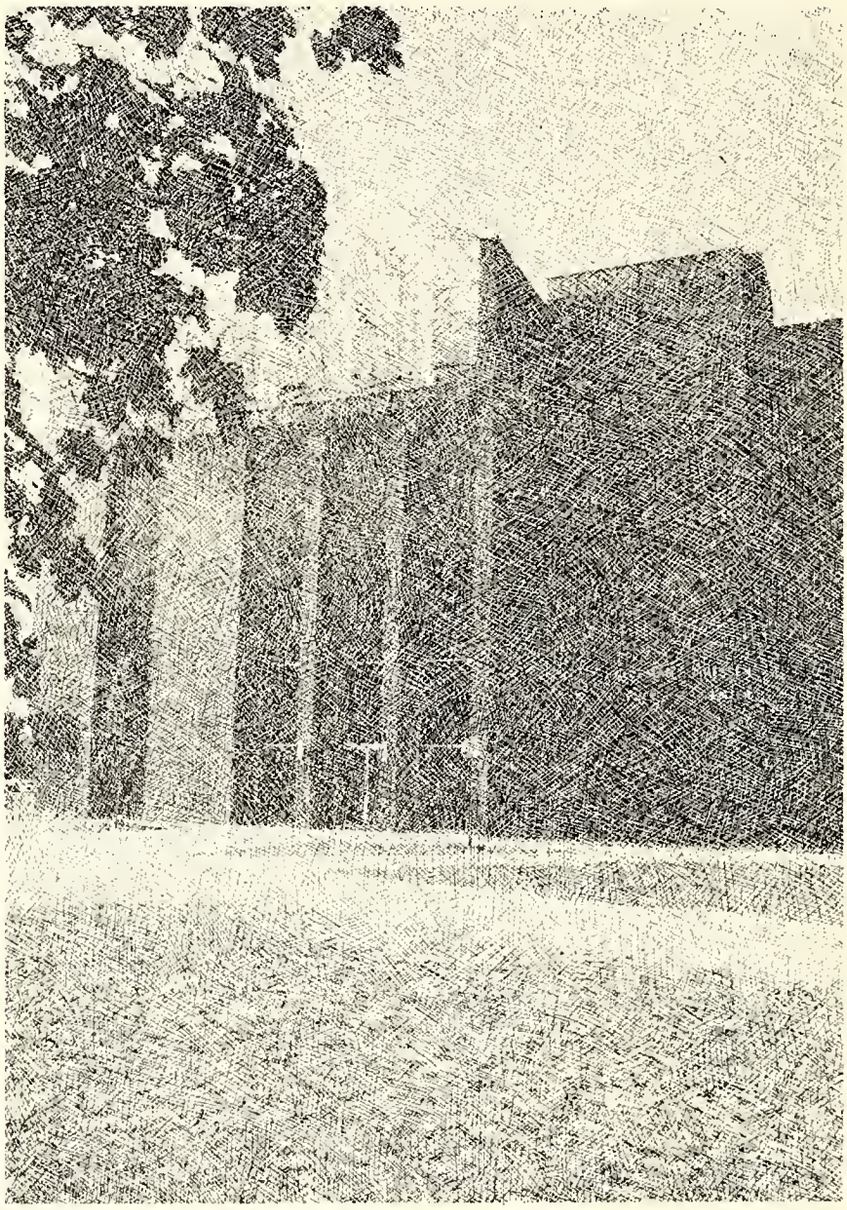
speak your truth quietly and clearly and

listen to others, even the dull and ignorant;

they too have their story.

avoid loud and aggressive persons, they are vexations to the spirit.



if you compare yourself with others, you may become vain and bitter, for always there will be greater and lesser persons than yourself.

enjoy your achievements as well as your peers.

keep interested in your own career, however humble;

it is a real possession in the changing fortunes

of time.

exercise caution in your business affairs for the world is full of trickery. but let this not blind you in what virtue there is; many persons strive for high ideals, and everywhere life is full of heroism.

be yourself.

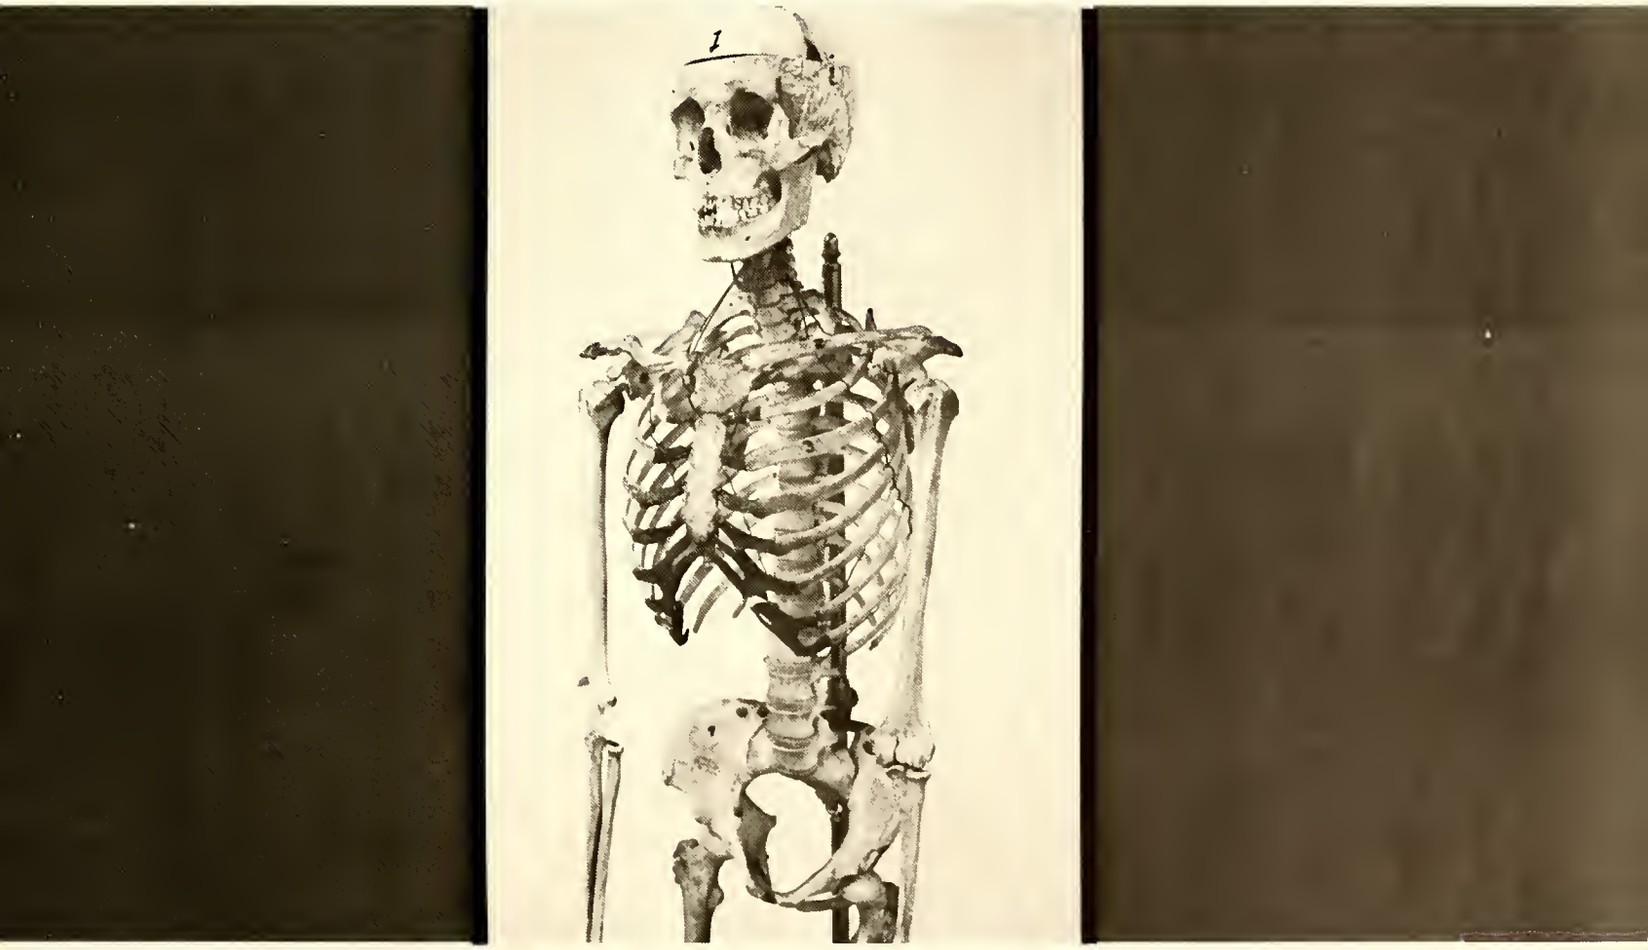
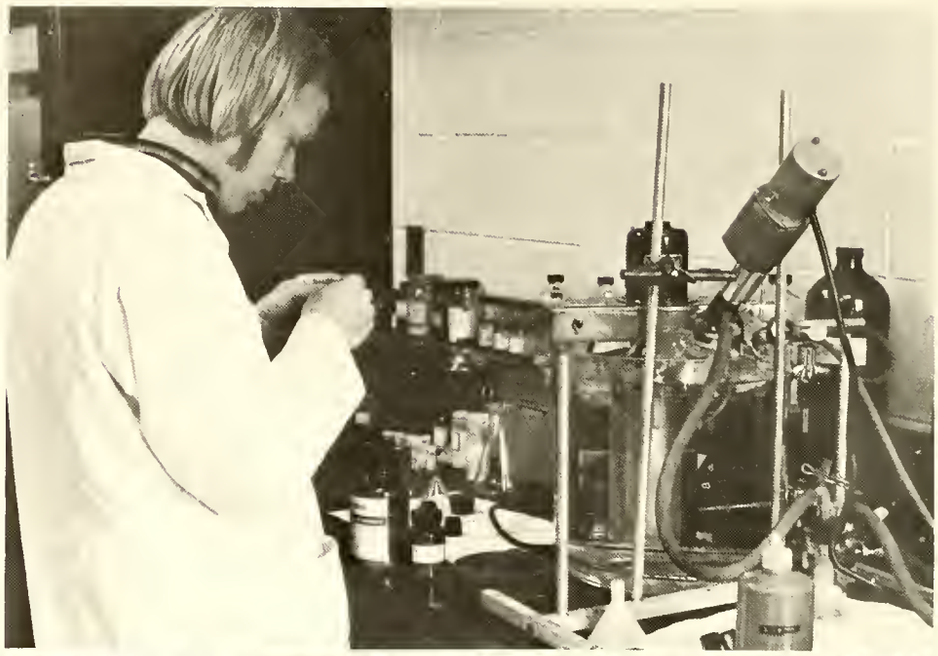
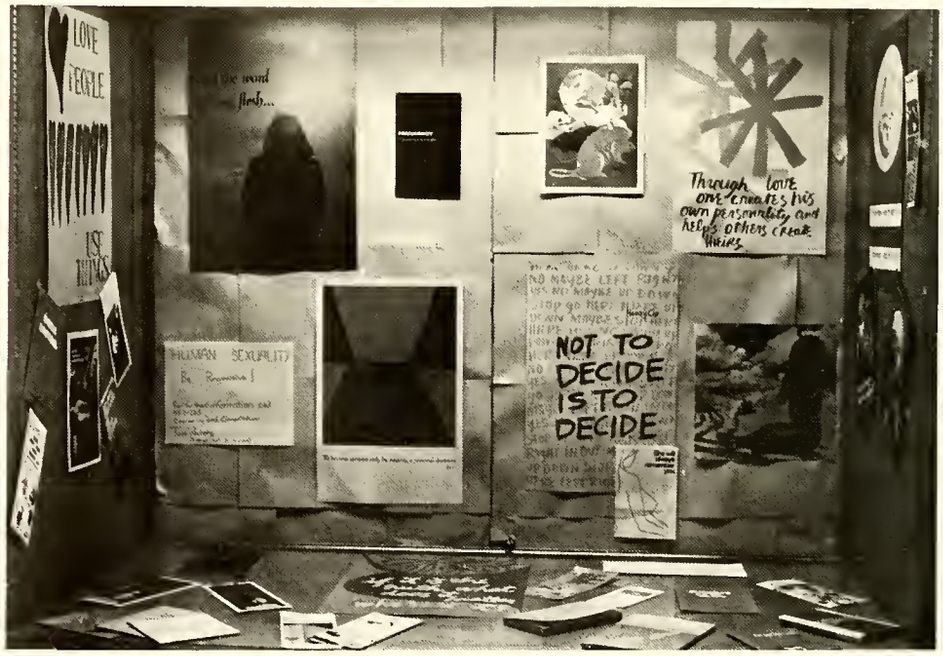
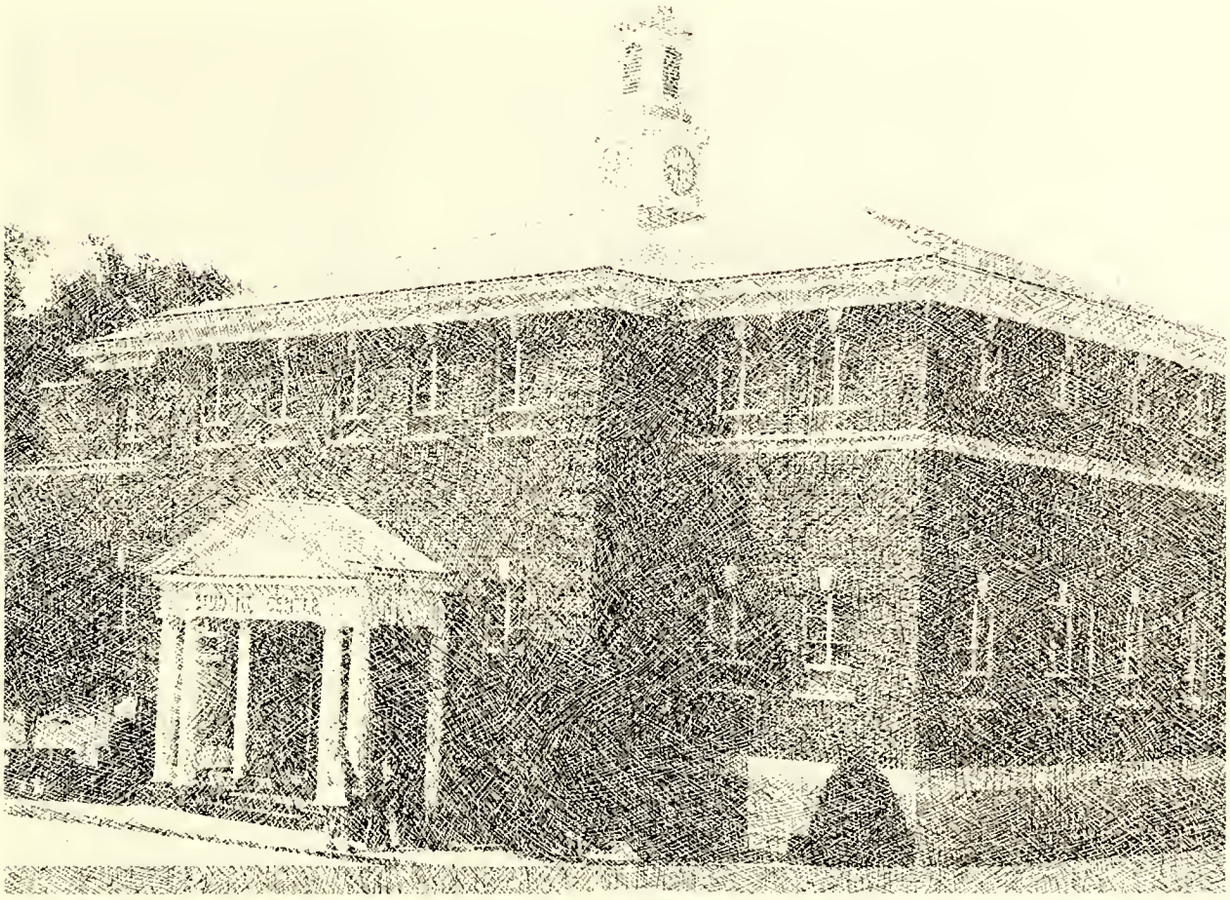
especially do not feign affection. neither be cynical about love, for in the face of all aridity and disenchantment it is perennial as the grass.







LOVE
PEOPLE
Through love one creates his own personality and helps others create theirs
HUMAN SOLIDARITY
NOT TO DECIDE IS TO DECIDE



take kindly the counsel of the years, gracefully surrendering the things of youth.

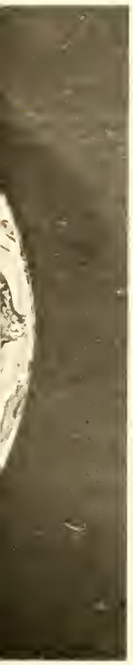
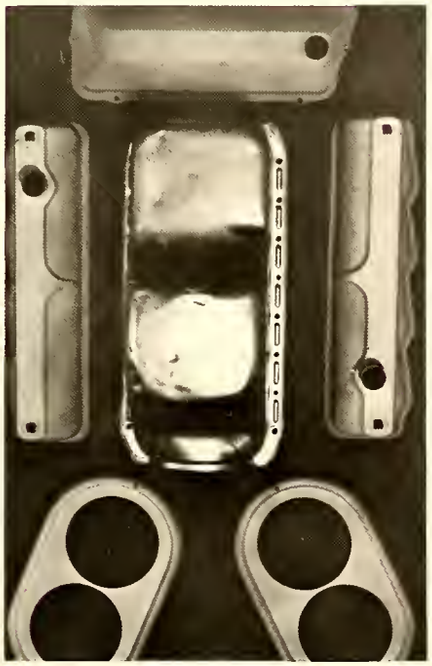
nurture strength of spirit to shield you in sudden misfortune. but do not distress yourself with imaginings. many fears are born of fatigue and loneliness.

beyond a wholesome discipline be gentle with yourself. you are a child of the universe, no less than the trees and the stars; you have a right to be here. and whether or not it is clear to you, no doubt the universe is unfolding as it should.





therefore be at peace with God, whatever you conceive Him to be, and whatever your labors and aspirations, in the noisy confusion of life keep peace with your soul.
